Dear Examiner Nguyen:

RECEIVED  
CENTRAL FAX CENTER

NOV 24 2008

I filed my application with the patent office in September of 2003. Every time there was an office action I responded in a timely fashion. To date, I have not received "A March 10, 2008" office action from the U.S.P.T.O. as indicated in your Notice of Abandonment.

I am currently homeless and living out of my car. I am on food stamps and unemployed. The reason I am telling you this is because I cannot pay anyone to type this response. From this point forward I have to write everything in longhand. (2 of 4)

I am not sure if I can pay for my Post Office Box which is due on 12/31/08. I have a free e-mail address that I can use at the public library: rhart24@yahoo.com (lower case letters). Please continue to mail all correspondence to the Post Office. But if any letter is returned to you, please e-mail it to me as an attachment. I believe that I am allowed 10 or 11 free pages per day. The patent is all I have. There is no way I would intentionally abandon it!!!

Sincerely,

P.S. I meet the Federal guideline for Poverty. I have attached the Food Stamp approval letter. (3 of 4)
